INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Platforma Civikos - Civikos

Opinion

We have audited the accompanying financial statements of NGO Civikos Platform - Civikos which comprise the statement of financial position as at December 31, 2017, and the statement of profit or loss, statement of changes in fund balances and statement of cash flow for the year then ended, and other explanatory notes.

In our opinion, the financial statements, except what is referred below, present fairly, in all material respects, the financial position of NGO Civikos as of December 31, 2017, results of its operation and the cash flow for the year then ended in conformity with International Financial Reporting Standards

Basis for Opinion

We have conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Project financial report section of our report. We are independent of the Business in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with Governance for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standard and the internal controls that the management deems necessary to enable the preparation of financial statements without material misstatement due to fraud or error. For the financial statements preparation, management is responsible for assessing the company's ability to sustainability in the future, disclosing, as necessary, future sustainability issues and using the accounting continuity principle unless management intends to liquidate the Company or Interrupt the operation, or there is no other possible alternative than to do it. Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in total, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. INTRODUCTION

CiviKos Platform is an initiative of civil society organizations in Kosovo started in early 2007 and officially registered on 2 September 2007, aimed at creating an enabling environment for cooperation of formal civil society sector and the Government of Kosovo.

Supported by the Kosovo Foundation for Open Society, with the participation of many CSO members and government officials, this initiative was officially launched in July 2007. Amongst others, CiviKos platform, after a long consultation process with the participation of over 130 civil society organizations, on 9 November 2007 signed a Memorandum of Cooperation between the Government of Kosovo and civil society (represented by CiviKos Platform). This memorandum represents the first formal document that provides for a mutual commitment and institutional cooperation in genuine partnership between the Government and civil society.

After a period of limited activities, during May 2010 The Board of CiviKos Platform decided to engage in more concrete activities to strengthen the Platform with the aim to promote the Memorandum of Cooperation into a Strategy for Cooperation between the Government of Kosovo and the civil society, which would represent a core document for turning taken promises into concrete activities and results.

With this initiative, during 2010 and 2011 CiviKos Platform focused on its internal strengthening, amongst other by organizing the Assembly of the members, consolidating its documents for successful functionality of the platform and also by selecting new leadership and managerial structures.

CiviKos Platform has been engaged in the initiation of the dialogue with the Government of Kosovo toward structuring the cooperation between the civil society and the government sector. In this regard the main obstacle was the institutional vacuum created in Kosovo at the end of 2010 and beginning of 2011, as a consequence of the long process of elections and delays in establishment of governmental institutions. During 2011 many meetings were organized with the member organizations where the main issues to be addresses and discussed were on the cooperation with the governmental sector. A main result derived from this preparatory phase is that CiviKos Platform has drafted the Framework of the Strategy for Cooperation with the Government of Kosovo, an internal document of the platform which reflects the consolidated position of its members for different components of this cooperation.

During these last two years, CiviKos platform has organized a number of consultations with the civil society organizations, mostly member organization, not only for the objectives of the strategy but also have prepared a number of analysis and studies on different issues which will be incorporated in the Strategy of Cooperation, offering a professional basis of information and knowledge to draft a serious document for cooperation.

During 2013 CiviKos Platform started to implement a one year project "Working Together. Towards a productive working relation between civil society and the authorities in Kosovo", an EU funded project managed by the European Union Office in Kosovo. The main objective of this project is to contribute to good governance, European integration, and a vibrant Civil Society in Kosovo through ensuring good cooperation between Civil Society and the authorities in Kosovo.

Also on July 5, 2013 Kosovo Government approved its first Strategy for Cooperation with Civil Society (2013-2017). The aim of the Strategy is to establish structured cooperation mechanisms between the Government of Kosovo and the civil society sector. CiviKos Platform has been playing a vital role in the process of consulting and drafting this Strategy in close cooperation with the government. Both Office of the Prime Minister/Office for Good Governance and CiviKos will jointly coordinate the implementation of the Strategy and Action Plan.

The entity anticipates that the adoption of these standards, revisions and interpretations will have no material impact on the financial statements of the entity in the period of initial application.

3. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

3.1 Basis of preparation

Financial Statements are prepared for reporting purposes in accordance with applicable laws of Kosovo, and represent the entire picture of economic events that occurred in "CIVIKOS" during 2017.

3.2 Currency of presentation

The reporting currency of CIVIKOS is the European Union currency unit Euro ("EUR").

3.3 Significant accounting policies

A summary of the most significant accounting policies adopted in the preparation of the financial statements is presented below:

3.3.1 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents are considered to be cash on hand and at banks and in operating accounts at banks with an original maturity of three months or less.

3.3.2 Account Receivables

The account receivables are recorded in the assets side of Balance sheet in the value as they are invoices, and they represent the amount due to CIVIKOS.

3.3.3 Property and equipment

CIVIKOS has the policy to present: all purchased equipments in statement of revenue and expenditure. Therefore they are not capitalized nor are depreciated. CIVIKOS keeps and continuously updates a list of its assets.

3.3.4 Revenue recognition

Revenues from grants are recognized as income on a straight-line basis over the period of the operation.

3.3.5 Expenses recognition

Expenses incurred for generation incomes are recognized in that period with the historical costs.

3.3.6 Taxation

The CIVIKOS was established as a non-profit organization and works under Kosovo Regulations for Non Governmental Organizations no. 04/L-057.

3.PROPERTY AND EQUIPMENT

The organization treats every purchase of assets as expense. Therefore, they are not capitalized nor are depreciated.
